RESTRICTION RESPONSE

ASSISTANT COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

SIR:

Responsive to the Restriction Requirement dated June 6, 2002, Applicants elect  
Group II, Claims 1-39.

REMARKS

The claims have been divided into two allegedly distinct groups. Applicant has  
elected Group II, Claims 1-39. The Restriction Requirement is traversed.

The Office Letter characterizes Groups I and II as being related as "process of making  
and product made." Referring to MPEP §806.05(f), the Office Letter takes the position that  
claimed product can be made by a process where the amorphous oxide interface layer is  
formed prior to the perovskite layer. While not taking a position, and making no statement,  
with regard to the proposed alternative, Applicant submits that the statement in the Office  
Letter does not meet the requirements set out in MPEP §806.05(f).
